## **Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5** Eric Hammel

The concept behind *fractal geometry* is extremely difficult to explain . . . but easy to see and enjoy. Eric Hammel, a professional author of military history books, is unable to explain fractals in a way that will be clear to anyone else, but most *mathematicians* can't explain fractals in language most people can understand. The simplest explanation is that fractals are graphic representations of high-order mathematical formulas that repeat patterns to infinity.

Don't get hung up on the math. It's really all in the *seeing*. Volume 1 of Eric Hammel's *Fractal Dimensions* is filled with one hundred examples representing many types of fractals. The differences between and among fractal artists using the same array of fractal-generating software is the same as the differences between and among all portrait artists or between and among all landscape artists using oil paint, chalk, watercolors, charcoal, even fingers. It all comes down to the unique mind's eye the artist brings to the game and what he does to improve or transform the art once the fractal-generating software has been sufficiently exploited. For all that, all a lay person really needs to appreciate fractals in their infinite varieties is a collection of fractal art to peruse, to get lost in for awhile, and their own preferences for art. No two fractal artists will see or exploit the same fractal formula the same way. What we offer here is simply what one fractal artist has been able to see, and what he alone decided he wants to share.

### **From reader reviews:**

#### **Carla Ramirez:**

Does one one of the book lovers? If yes, do you ever feeling doubt if you find yourself in the book store? Make an effort to pick one book that you never know the inside because don't judge book by its deal with may doesn't work here is difficult job because you are scared that the inside maybe not since fantastic as in the outside appearance likes. Maybe you answer might be Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5 why because the great cover that make you consider in regards to the content will not disappoint you actually. The inside or content is fantastic as the outside or cover. Your reading sixth sense will directly show you to pick up this book.

#### **Abel Cooke:**

This Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5 is great guide for you because the content which is full of information for you who all always deal with world and still have to make decision every minute. This book reveal it info accurately using great manage word or we can point out no rambling sentences in it. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only offers you straight forward sentences but hard core information with attractive delivering sentences. Having Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5 in your hand like finding the world in your arm, data in it is not ridiculous just one. We can say that no e-book that offer you world in ten or fifteen tiny right but this reserve already do that. So , this really is good reading book. Hey there Mr. and Mrs. hectic do you still doubt that?

#### **Margaret Garcia:**

You are able to spend your free time to study this book this e-book. This Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5 is simple to create you can read it in the park your car, in the beach, train and also soon. If you did not get much space to bring typically the printed book, you can buy the particular e-book. It is make you quicker to read it. You can save the particular book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.

#### **Carolyn Scott:**

As a university student exactly feel bored in order to reading. If their teacher inquired them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading very seriously. Any students feel that examining is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Fractal Dimensions: The Digital Art of Eric Hammel, Volume 5 can make you really feel more interested to read.
