## Alternative Shakespeares, Volume 2 (New Accents)

### Alternative Shakespeares, Volume 2 (New Accents)

*Alternative Shakespeares*, published in 1985, shook up the world of Shakespearean studies, demythologising Shakespeare and applying new theories to the study of his work. *Alternative Shakespeares: Volume 2* investigates Shakespearean criticism over a decade later, introducing new debates and new theorists into the frame.

Both established scholars and new names appear here, providing a broad cross-section of contemporary Shakespearean studies, including psychoanalysis, sexual and gender politics, race and new historicism.

*Alternative Shakespeares: Volume 2* represents the forefront of contemporary Shakespearean studies. This urgently-needed addition to a classic work of literary criticism is one which teachers and scholars will welcome.
