Bolo!

David Weber

Bolo! David Weber

Controlled by their tireless electronic brains which were programmed to admit no possibility of defeat, the gigantic robot tanks known as Bolos were almost indestructible, and nearly unstoppable. Their artificial intelligences were designed to make them selflessly serve and protect humans throughout the galaxy and made each Bolo the epitome of the knight *sans peur et sans reproche*, and often far more noble than the humans who gave them their orders. Now, David Weber, *New York Times* best-selling author of the Honor Harrington series, continues the history of the Bolo, in four short novels, one of them published here for the first time. One Bolo is driven over the edge by the very humans it is pledged to protect. Another Bolo must decide whether or not to disobey when it is given an order that constitutes genocide. A third must hunt one of its own kind whose robot brain is damaged and rescue two children which the deranged Bolo thinks it is protecting from a nonexistent enemy. And more, including David Weber's own authoritative technical history of the Bolo, all in a volume that will be irresistible both for David Weber's huge readership and Bolo fans everywhere.

From reader reviews:

James Adcock:

The book Bolo! can give more knowledge and information about everything you want. Why must we leave a very important thing like a book Bolo!? Some of you have a different opinion about book. But one aim that book can give many information for us. It is absolutely suitable. Right now, try to closer with your book. Knowledge or details that you take for that, you can give for each other; you are able to share all of these. Book Bolo! has simple shape but you know: it has great and massive function for you. You can appearance the enormous world by start and read a reserve. So it is very wonderful.

Burton Zinn:

Book is to be different for each grade. Book for children until eventually adult are different content. As it is known to us that book is very important for people. The book Bolo! was making you to know about other understanding and of course you can take more information. It is extremely advantages for you. The reserve Bolo! is not only giving you more new information but also for being your friend when you experience bored. You can spend your own spend time to read your reserve. Try to make relationship using the book Bolo!. You never sense lose out for everything in case you read some books.

Louis Ono:

Reading a reserve tends to be new life style in this particular era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world may share their idea. Publications can also inspire a lot of people. Lots of author can inspire their very own reader with their story as well as their experience. Not only the storyplot that share in the ebooks. But also they write about the data about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors in this world always try to improve their expertise in writing, they also doing some study before they write to their book. One of them is this Bolo!.

Randy Champion:

Your reading 6th sense will not betray you, why because this Bolo! publication written by well-known writer we are excited for well how to make book that may be understand by anyone who else read the book. Written inside good manner for you, still dripping wet every ideas and producing skill only for eliminate your hunger then you still question Bolo! as good book not just by the cover but also by the content. This is one publication that can break don't assess book by its include, so do you still needing yet another sixth sense to pick this particular!? Oh come on your reading through sixth sense already told you so why you have to listening to another sixth sense.
