Cold Moons

Magnús Sigurðsson

Cold Moons Magnús Sigurðsson

Magnús Sigurðsson spare poems pay rare attention to the minute revelations of nature rather than allowing the crudeness of machinery to bulldoze our sentiments. Through intricate wordplay and a titanic understanding of his native Icelandic, rendered with perfect tone by award-winning translator Meg Matich, Sigurðsson creates tiny but arresting artifacts—fragments that scale an instant to an aeon, and a thousand millennia to a second. Whether describing the dwarf wasp's one-millimeter wingspan or the roots of a bonsai, he is a cosmologist of language, and *Cold Moons* is an intimate map of his distinctive universe.
