History Drawers On: The Evolution of Women's Knickers Jackie Stuart

Women's knickers have long been the subject of shame, secrecy, titillation and amusement. 'History Drawers On' charts the development of these most private garments from their surprisingly recent origins in the nineteenth century through to the present day. Jackie Stuart draws on over thirty years of research and her extensive personal collection of antique and vintage costume and underwear to throw much needed light on this neglected area of costume history.
