Working and Living in Ireland 1998

Eugenie Houston

Working and Living in Ireland 1998 Eugenie Houston

Ireland's economic strength has resulted in an increasing number of economic emigrants contemplating returning home, in response to a continuing growth in career opportunities. In addition, more and more people in England are moving to Ireland to pursue careers, raise families or retire. This manual addresses the questions and concerns of those moving to Ireland. It contains advice on how to get a job there, along with information on over 100 Irish-based companies recruiting in 1998, in a variety of industries, with full company descriptions, contact numbers and addresses. The book also looks at the social, cultural and practical considerations to be taken into account to make a comfortable adjustment to this new environment.
