Charissa grows up in Edmonton with a disruptive and often overwhelming gift for empathy. By the time she is twenty-two, she finds love in the inner city, stands trial for eco-terrorism, and ends up in an island prison far off the coast of Florida. When a distracted president allows America to unravel, and a precocious political boy wonder takes control of Canada, she escapes from prison with two women, and begins a drone-dodging, dangerous and inspiring journey homeward. Blending sparkling humour, magic realism and dystopian vision with a sharp satirical view of contemporary post-truth politics, Charissa's Shoes explores the power empathy brings to a world in constant crisis.
