## **Das Andere** Adolf Loos

In 1903, Adolf Loos edited the journal *Das Andere – Ein Blatt zur Einführung abendländischer Kunst in Österreich*, in which he expressed his thoughts on, and theories of, contemporary architecture, fashion, and design. The publication was born out of Loos' aversion to a superficial aestheticization of life in Austria, which

he saw embodied by the “Wiener Secession” and later on “Wiener Werkstätte” and “Werkbund”. As a counterbalance, in *Das Andere* he showed his admiration especially for the fashion and culture of England and

America. Contemporary advertisements on these subjects were included in the journal, which ran for just two issues.

Beatriz Colomina supplements the reprint of *Das Andere* with an extensive commentary.
