God, Religion or Science: Michelle Galan Dave Garr

This book is guaranteed to contain some ideas many of you have never heard before. Many of these ideas are directly from the bible, history and scientific research. The book presents facts, theories, theologies, and hypothesis that are highly controversial and will spark your mind into either anger or heavy thought. You will agree with, ponder or hate the bearer of this imaginative and innovative fact finding research. It's the author's hope that whatever feelings you may receive from reading this document, whether it is joy or anger, you will always question what others tell you, no matter how renowned they may be. If you wholeheartedly believe the bible or in a deity then it may be best that you not read this book, as it contains several ideas that will bring into question the validity of the bible and may differ greatly from your beliefs. However, if you have always had questions and not enough answers then this may be what you've been searching for, your entire life.
