Who Killed Christopher Robin? The Truth behind the Murder of Brian Jones Terry Rawlings

Accompanied by a CD of recordings by Brian Jones of the Rolling Stones and a bogus taped confession staged as a publicity stunt in the early 1980s, this book reveals the identity of what it claims is Jones's true murderer. The author has built up a record of Jones's life, his financial position at the time of his death, and a chronology of events in the days and hours leading up to it. A new pathologist's report and a re-examination of the police evidence corroborate both the stories of those who were present at Jones's house on the fatal day and a sworn affidavit from the man who witnessed the alleged murderer's confession. The book includes previously-unpublished photographs of Jones at home, and of the alleged murderer.
