## **Buckyball** Fabien Roy

It was a youthful invincible time, and it was a Saturday night... James Pesola tells the story of how one night of partying with his best friend in South Beach changed his life. Listening to a specific song always transports him back to the same time and place, which happens to be the Miamillennium nightclub in Miami. These flashback moments are called life-turns and James claims to have lived over one hundred and seventy-one of them, some lasting between 13 and 26 years. James is part of a group of individuals who acquire the ability to travel in time after consuming Buckyball ecstasy pills and soon realize they are being hunted by one of their own. Buckyball was great fun to read. What an imaginative and smart idea! And it holds together well, and fails to become repetitive, as it so easily could have done. James is a compelling character, and you create great sympathy for him and his plight. Congratulations on a fine achievement! Alana Wilcox, Senior Editor, Coach House Books.
