Vessels have been governed by a special form of common law, as well as special statutes and international agreements, since maritime commerce began in the earliest civilizations. It is that body of law that is the subject of **Maritime Law Answer Book 2014**. Simply put, if there is a vessel involved you may need this book.

Using a straightforward Q&A format, **Maritime Law Answer Book 2014** is a comprehensive overview that covers the array of U.S. regulatory issues ranging from promotional programs such as the Maritime Security Program to environmental requirements such as the Environmental Protection Agency's Vessel General Permit.
