Immortality

Kevin Bohacz

Immortality Kevin Bohacz

A #1 best-selling techno-thriller on Amazon from January 2008 to June 2014!

Publisher's Weekly STARRED review - Bohacz's vision of a humanity that faces the need to evolve profoundly or face certain destruction is as timely as today's news and as chilling a doomsday scenario as any ecological catastrophe can suggest.

Kirkus - There is enough power in the premise to leave readers reeling. A novel that will surprise fans of science-fiction and doomsday scenarios.

"Speaking as an evolved Transhuman, I applaud this very entertaining, intelligent, and thought provoking journey to the edges of humanity." - **Danny Rubin, author and screenwriter of Groundhog Day.**

"Immortality is a fine, tense, scientific mystery adventure that puts mankind in a challenge of survival with a short time limit. This is the way the world could end." - **Piers Anthony, author of 21 New York Times best-selling novels.**

Sci-Fi Reader 4 out of 4 stars review - "This book manages to do what all the best sci-fi does - provide a thought-provoking, alternative viewpoint on the business of existence. I recommend you give it a go." - sfreader.com.

Publisher's Weekly FULL STARRED review - When human extinctions occur in South America and spread worldwide, paleobiologist and genetic researcher Mark Freedman senses a connection to the Chromatium Omri bacteria, the oldest known life form on Earth linked to previous extinctions. The growing virulence in the "kill zones" spurs Freedman to join forces with Kathy Morrison, expert on viral and bacterial pathogens with the Centers for Disease Control. Despite personal losses, Freedman and Morrison find romance and make discoveries about the devastation and what lies behind it. Other colorful characters include dedicated policewoman Sarah Mayfair, whose horrific dreams and improbable survival enable contact with the forces behind the outbreaks; cynical Gen. James McKafferty, committed to preserving the U.S. at whatever cost; and Artie Hartman, goaded by his wife's death to wage war on gangs and government forces indiscriminately. The seemingly random attacks and emergence of chaos allow Bohacz to explore such themes as whether humanity deserves to survive, the meaning of being human, and the cost of perfect health and immortality. The originality of Bohacz's ideas is nearly equaled by detailed descriptions of a decontamination lab, the frenzied search for answers, and the aftermath of destruction. His vision of a humanity that faces the need to evolve profoundly or face certain destruction is as timely as today's news and as chilling a doomsday scenario as any ecological catastrophe can suggest.

Dust cover: Without warning, something has gone terribly awry. In the remote and unnoticed places of the world, small pockets of death begin occurring. As the initially isolated extinctions spread, the world's eyes focus on this unimaginable horror and chaos. Out of the ecological imbalance, something new and extraordinary is evolving and surviving to fill the voids left by these extinctions. Evolution is operating in ways no one could have expected and environmental damage may be the catalyst. Once discovered, this knowledge changes everything....

The story begun in *Immortality* is not over and continues in the sequel *Ghost of the Gods* on sale now!

From reader reviews:

James Benavidez:

People live in this new day of lifestyle always make an effort to and must have the extra time or they will get wide range of stress from both everyday life and work. So , if we ask do people have extra time, we will say absolutely yes. People is human not only a robot. Then we consult again, what kind of activity are you experiencing when the spare time coming to an individual of course your answer can unlimited right. Then do you try this one, reading textbooks. It can be your alternative with spending your spare time, often the book you have read is actually Immortality.

Scott Hagen:

It is possible to spend your free time to read this book this reserve. This Immortality is simple to bring you can read it in the park, in the beach, train and also soon. If you did not include much space to bring often the printed book, you can buy the particular e-book. It is make you quicker to read it. You can save the book in your smart phone. Thus there are a lot of benefits that you will get when one buys this book.

Veronica Lopez:

Many people spending their moment by playing outside having friends, fun activity using family or just watching TV the entire day. You can have new activity to pay your whole day by reading through a book. Ugh, ya think reading a book can really hard because you have to accept the book everywhere? It alright you can have the e-book, bringing everywhere you want in your Touch screen phone. Like Immortality which is obtaining the e-book version. So , why not try out this book? Let's notice.

Rita Furguson:

Reading a publication make you to get more knowledge from it. You can take knowledge and information coming from a book. Book is published or printed or outlined from each source in which filled update of news. With this modern era like today, many ways to get information are available for a person. From media social just like newspaper, magazines, science publication, encyclopedia, reference book, new and comic. You can add your understanding by that book. Ready to spend your spare time to open your book? Or just looking for the Immortality when you essential it?
