Into the Vast DJ Edwardson

We are the technology of the future.

The Institute is all Adan knows. And the scientists who run it don't seem to know or even care who he might have been before he came there. But the strange technology they've fused inside of him and his missing memories are only the beginning as he finds himself swept up into a conflict between the researchers and the last remnants of humanity untouched by their experiments.

Part mystical science fiction, part dystopian thriller, *Into the Vast* is the high-tech exploration of humanity at the pinnacle of innovation and achievement, a time when science has made virtually anything possible. But in getting there, something has been lost along the way. And perhaps the only person who knows what that is, is the one who doesn't know anything at all.

Step into the journey of one man to rediscover his own identity and in the process to save humanity from its greatest enemy: *itself*.
