## Skyscraper Scott Hess

Set in modern day Manhattan, *Skyscraper* is the story of Atticus, a down on his luck architect who stumbles into an S&M bar and meets a sensual young man who changes the direction of his life. What begins as a random pick-up evolves into an intense game of sexual domination as Atticus finds himself wildly invigorated both as a man and an architect. As his new relationship deepens, his creativity simultaneously catches fire and he lands a prime architectural job at his firm designing Mexico City's boldest new high rise tower. Soon his two worlds collide as the novel takes a Kafkaian turn and the thin line between reality and fantasy, pleasure and pain threatens to explode.
