My Quest to Be a Single Dad Garry White

Author Garry White's instinctual desire to love and provide a home for disadvantaged youth has been denied again and again on the basis of what appears to be personal bias and an isolated episode of mental illness several years in the past. In *My Quest to Be a Single Dad*, Garry fights the social implication and double standard that single men are unfit to be parents. Anyone involved in social family services or potential adopters will be intrigued by this determined author's tale of continued rejection and social stigmas. Single adults hoping to adopt will also find valuable tips on the dos and don'ts of adoption, many of which Garry had to learn the hard way.
