Psychology: The Core Charles G. Morris, Albert A. Maisto

Psychology: The Core presents a scientific, accurate, and thorough overview of the essential concepts of psychology and helps readers see the exciting applications of these concepts in real life.

The printed textbook, *Psychology: The Core*, covers the core content of psychology—the essentials that every introductory psychology student should know. It includes study aids students find most useful—concept maps, note-taking features, and a laminated study card highlighting the most challenging topics in introductory psychology. The website www.PsychologyTheCore.com, provides more in-depth treatment of topics, up-to-date statistics, cutting edge research, simulations, video clips, and real-world applications of psychology. A monthly blog provides an opportunity for the authors to post interesting links and new research findings and to respond to questions from readers. Annual updates to the site will ensure that readers have access to all the latest findings.
