The Decree of Esther: Changing the Future through Prophetic Proclamation Aaron Früh

In the last days the saints will be falsely accused. Even today Christians feel the sting of judgment. But despite widespread discussion of the end days, modern Christians have left out a major truth from public dialogue and personal practice: the power of spiritual proclamation. Using Esther as an example, Aaron Früh gives readers practical strategies for overcoming the false accusations of the enemy and writing decrees that change the course of their lives and prepare them for Christ's return. Just as Esther reversed the curse on the Jewish people in Persia, modern Christians can write their own decrees of protection and provision. Anyone interested in the state of our nation today, including pastors, intercessors, worship leaders, and teachers, will find valuable insight and practical help for healing the individuals and communities around them.
