The Klan

Patsy Sims

The Klan Patsy Sims

First published in 1978, *The Klan* is considered the best book on the grandfather of all extremist hate groups. Now, in the wake of the Oklahoma City bombing and other domestic terrorist activities that are the legacy of Klan violence, it is more timely than ever. Realizing the continuing relevance of this book, Patsy Sims has revised it for the first time since its initial publication, adding a new preface and updating the individual chapters. An award-winning journalist, Sims drove more than 1,200 miles over the back roads of the South to begin this book. During two years of research and writing she talked, rallied, and kept in almost constant telephone contact with Klan leaders and members. The result was more than 150n hours of taped interviews revealing the personal experiences of the Klanspeople and their victims. These she wove together with history and contemporary news events for a riveting look inside the organization at the peak of it power.
