Marshall M. Frederick's sculptures can be seen in public places throughout the world, but it is in Michigan, where he lived for sixty years, that his legacy shines. Although his name is unknown to many people, a work such as *The Spirit of Detroit* is instantly recognized and loved by millions.

This delightful book follows a young girl named Abby who is captivated by the sculptures she sees around Detroit - bronze pterodactyls, soaring humans, bears, clowns, and more. "How could anyone be in charge of decorating a whole city?" she wonders. With so many marvelous sculptures, it takes the determination of a curious child to discover them and learn how they were made.

The Outdoor Museum is a guide to finding and appreciating hundreds of sculptures around the Great Lakes that were created by Marshall M. Fredericks - an invitation to the region's residents and visitors to discover the private world of public art.
