Volumes of LNCS 5821 and CCIS 51 are the proceedings of the 4th International Symposium on Intelligence Computation and Applications (ISICA 2009) held in Huangshi, China, October 23-25, 2009. These two volumes are in memory of Prof. Lishan Kang, the ISICA 2009 Honorary General Chair, who was a leading figure in the fields of domain decomposition methods and computational intelligence. ISICA 2009 successfully attracted over 300 submissions. Through rigorous reviews, 58 high-quality papers were included in LNCS 5821, while the other 54 papers were collected in CCIS 51. ISICA conferences are one of the first series of international conferences on computational intelligence that combine elements of learning, adaptation, evolution and fuzzy logic to create programs as alternative solutions to artificial intelligence. The last three ISICA proceedings have been accepted in the Index to Scientific and Technical Proceedings (ISTP) and/or Engineering Information (EI). Following the success of the past three ISICA events, ISICA 2009 made good progress in the analysis and design of newly developed methods in the field of computational intelligence. ISICA 2009 featured the most up-to-date research in analysis and theory of evolutionary algorithms, neural network architectures and learning, fuzzy logic and control, predictive modeling for robust classification, swarm intelligence, evolutionary system design, evolutionary image analysis and signal processing, and computational intelligence in engineering design. ISICA 2009 provided a venue to foster technical exchanges, renew everlasting friendships, and establish new connections.

From reader reviews:

Brenda Taylor:

Is it a person who having spare time in that case spend it whole day simply by watching television programs or just laying on the bed? Do you need something new? This Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) can be the reply, oh how comes? The new book you know. You are thus out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these publications have than the others?

Virginia McNally:

You can obtain this Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) by check out the bookstore or Mall. Just viewing or reviewing it could possibly to be your solve trouble if you get difficulties for the knowledge. Kinds of this publication are various. Not only by written or printed but can you enjoy this book simply by e-book. In the modern era just like now, you just looking from your mobile phone and searching what your problem. Right now, choose your own ways to get more information about your book. It is most important to arrange you to ultimately make your knowledge are still upgrade. Let's try to choose appropriate ways for you.

William McNeill:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book was rare? Why so many query for the book? But just about any people feel that they enjoy to get reading. Some people likes looking at, not only science book but novel and Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) or even others sources were given information for you. After you know how the good a book, you feel would like to read more and more. Science reserve was created for teacher or even students especially. Those publications are helping them to add their knowledge. In different case, beside science e-book, any other book likes Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) to make your spare time much more colorful. Many types of book like this.

Tim Gonzalez:

Reading a publication make you to get more knowledge as a result. You can take knowledge and information originating from a book. Book is published or printed or created from each source that filled update of news. In this particular modern era like currently, many ways to get information are available for you. From media social including newspaper, magazines, science e-book, encyclopedia, reference book, novel and comic. You

can add your understanding by that book. Are you ready to spend your spare time to spread out your book? Or just searching for the Advances in Computation and Intelligence: 4th International Symposium on Intelligence Computation and Applications, ISICA 2009, Huangshi, China, ... (Lecture Notes in Computer Science) when you necessary it?
