Two Continents, One Culture: The Scotch-Irish in Southern Appalachia Elizabeth Hirschman

This in-depth analysis examines how and why Southern culture was forever changed when Scotch-Irish immigrants flooded the Appalachian Mountains in the 1700s. Geographical similarities between Southern Appalachia and the Highlands of Scotland and Ireland are discussed, as well as the parallels and differences of the two cultures in four basic areas—music and dance, agricultural practices, fighting and hunting techniques, and technological innovativeness. More than 300 years of the communities' ideology is explored based on data culled from ethnographic observation, interviews at various heritage sites, historic accounts, archived letters, and other textual documentation.
