A Window into Time (Novella) (Kindle Single) Peter F. Hamilton

A profound, poignant, mind-blowing trip into time and consciousness awaits in this ebook original novella from *New York Times* bestselling author Peter F. Hamilton. In the vein of *Life After Life*, Hamilton's bold speculations into the nature of life—and what comes after—make for riveting, provocative fiction.

The universe is not only stranger than we imagine, it is stranger than we can imagine.

Whip-smart thirteen-year-old Julian Costello Proctor—better known as Jules—has an eidetic memory. For as long as he can remember, he has remembered everything. “My mind is always on,” he explains. But when an unexpected death throws his life into turmoil, Jules begins to experience something strange. For the first time, there are holes in his memory.

But that's not the strangest part. What's really weird isn't what he's forgotten; it's what he *remembers*. Memories of another life, not his own. And not from some distant past. No, these memories belong to a man who's alive right now.

With bravery, ingenuity, and quirky good humor, Jules devises a theory to explain this baffling phenomenon. While tracking down the identity of his mysterious doppelgänger, he finds himself enmeshed in the hopes and dreams of a stranger . . . and caught in the coils of a madman's deadly plot.
