In 1612, Shakespeare gave evidence in a court case at Westminster-and it is the only occasion on which his actual spoken words were recorded. In *The Lodger Shakespeare*, Charles Nicholl applies a powerful biographical magnifying glass to this fascinating but little-known episode in the Bard's life. Drawing on evidence from a wide variety of sources, Nicholl creates a compellingly detailed account of the circumstances in which Shakespeare lived and worked amid the bustle of early seventeenth-century London. This elegant, often unexpected exploration presents a new and original look at Shakespeare as he was writing such masterpieces as *Othello*, *Measure for Measure*, and *King Lear*.
