Terror and Consensus: Vicissitudes of French Thought

Terror and Consensus: Vicissitudes of French Thought

This volume of twelve essays focuses on two interrelated issues. First, it addresses the historical and cultural determinants that have given rise to what frequently has been described as “the French exception,” the unusually conflictual French political process inherited from the revolutionary past in the eighteenth and nineteenth centuries and its accompanying avant-gardism in artistic, literary, and philosophical practice, both of which distinguish France from other European countries.

Second, the contributors assess the exhaustion of this tradition in recent years—noted prominently on the occasion of the celebration of the bicentennial of the Revolution in 1989—in a progressive “normalization” of French society that has been the final outcome of the liquidation of the colonial empire, the collapse of Marxism as a social force, and the integration of France into the European Union.

The contributors are Jean-Marie Apostolides, Marc Augé, Barbara Cassin, Françoise Gaillard, Maurice Godelier, Jean-Joseph Goux, Françoise Lionnet, Jean-François Lyotard, Mark Poster, Pierre Saint-Amand, Susan Suleiman, and Philip R. Wood.
