The Extraterrestrial Encyclopedia David Darling, Dirk Schulze-Makuch

The Extraterrestrial Encyclopedia is an A-to-Z of the search for life in the Universe. Entries cover astrobiology, the origins and evolution of life, the hunt for exoplanets, SETI, and extraterrestrial life in science fiction, philosophy, and popular speculation (including UFOs). The book is written in an engaging style for the layperson and contains numerous B&W illustrations.

David Darling is a science writer with a Ph.D. astronomy. He is the author of more 40 books, including Equations of Eternity (a NY Times Notable Book of the Year), Life Everywhere, Gravity's Arc, and, with Dirk-Schulze-Makuch, We Are Not Alone, and Megacatastrophes! His most recent book is Mayday! about pioneering aviators. His science website, www.daviddarling.info, is a popular Internet resource. He lives in Dundee, Scotland.

Dirk Schulze-Makuch is a professor at the School of Earth and Environmental Sciences at Washington State University, and has published seven books related to the field of astrobiology and planetary habitability, including Life in the Universe, A One Way Mission to Mars, and Cosmic Biology. He is also an adjunct professor at the Beyond Center at Arizona State University and currently also holds a guest professorship at the Technical University Berlin in Germany.

From reader reviews:

Thomas Rasmussen:

Have you spare time for the day? What do you do when you have considerably more or little spare time? Yes, you can choose the suitable activity intended for spend your time. Any person spent their very own spare time to take a stroll, shopping, or went to often the Mall. How about open or even read a book titled The Extraterrestrial Encyclopedia? Maybe it is being best activity for you. You understand beside you can spend your time with the favorite's book, you can cleverer than before. Do you agree with it is opinion or you have some other opinion?

Jackie Gonzalez:

Book is to be different for every single grade. Book for children until finally adult are different content. As we know that book is very important for all of us. The book The Extraterrestrial Encyclopedia ended up being making you to know about other understanding and of course you can take more information. It is very advantages for you. The book The Extraterrestrial Encyclopedia is not only giving you considerably more new information but also for being your friend when you sense bored. You can spend your own spend time to read your publication. Try to make relationship together with the book The Extraterrestrial Encyclopedia. You never experience lose out for everything should you read some books.

Donald Spada:

Reading a reserve tends to be new life style on this era globalization. With reading through you can get a lot of information which will give you benefit in your life. Using book everyone in this world can share their idea. Publications can also inspire a lot of people. Many author can inspire their very own reader with their story or perhaps their experience. Not only the storyplot that share in the guides. But also they write about the data about something that you need illustration. How to get the good score toefl, or how to teach your kids, there are many kinds of book that you can get now. The authors nowadays always try to improve their expertise in writing, they also doing some study before they write for their book. One of them is this The Extraterrestrial Encyclopedia.

Thomas Busch:

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's spirit or real their pastime. They just do what the professor want, like asked to go to the library. They go to presently there but nothing reading really. Any students feel that studying is not important, boring along with can't see colorful photos on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this The Extraterrestrial Encyclopedia can make you truly feel more interested to read.
