Andy Warhol: Liz

Andy Warhol: Liz

Andy Warhol's iconic portraits of Elizabeth Taylor are images that have lost none of their explosive power in the decades that separate the present from the moment of their making. Frequently hailed as the greatest movie star of all time, Elizabeth Taylor was a friend of Andy Warhol in the 1970s and 1980s. The personification of charisma, whose highly public life was charged with drama, tragedy, and romance, this iconic muse was a perfect vehicle for Warhol's vivid silk-screen portraiture derived from press clippings, publicity shots, and film stills. Warhol made over fifty portraits of Taylor in all her incarnations—from the ethereally beautiful child actress in *National Velvet* to the commanding, voluptuous screen goddess of *Cleopatra*. *Andy Warhol: Liz* sheds light on the relationship between Warhol and one of his most notorious muses.

Bethany Zuniga:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just small students that has reading's heart or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to generally there but nothing reading significantly. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever you want. Likewise word says, ways to reach Chinese's country. Therefore this Andy Warhol: Liz can make you truly feel more interested to read.
