If She Only Knew (San Francisco) Lisa Jackson

What if you were a stranger, even to yourself? In this riveting novel of suspense, bestselling author Lisa Jackson keeps readers guessing through every twist and turn when a shocking accident leaves one woman wondering who she is, what she has done—and why she could be the next to die...

It begins on a dark stretch of highway in northern California. Caught in a blinding glare of headlights, two vehicles swerve and crash—leaving one woman dead, and another in a coma. When the surviving woman awakens, her memory is gone and her face has been reconstructed. Her family tells her that her name is Marla Cahill—but they're all strangers to her.

Recuperating in her isolated San Francisco mansion, Marla waits for something to trigger recognition. Yet the only thing she's left with is the unshakable feeling that she is not who everyone says she is, and that something is very, very wrong. Marla knows her life isn't just different—it's in danger. And as her fear builds, a killer waits for the perfect moment to strike—the moment Marla remembers...
