Planet earth is under attack, but the attack is in the spiritual realm. Entities such as The Pleaidians Plus, Sirius and others are issuing their mandates for earth: evolve or die. They themselves are not going to bring about our death. They warn that we will be doing that, if we do not follow their guidelines and instructions, which they promise will save us and our planet. How are we to change? What is their underlying message of "hope" that more and more of humanity desires to understand? What happens to those who are unwilling to change?
