"Enabling Vocabulary: Sign Language and Devices" reaches out to young people to help develop an understanding of what the word, "vocabulary," actually means. The next step is to help them to become motivated to expand their own vocabulary. Within this book there are opportunities for children to define words, express their ideas about when they were babies, and be aware of their growing vocabulary.

"This book teaches vocabulary in an easy to understand format which intrigues young learners."--Donna Rezek, Kindergarten Teacher

"This is a wonderful message that appeals to all types of communication, especially children with complex communication needs. It teaches children to understand the meaning of vocabulary, and how their vocabulary develops. It teaches children to understand the powerful impact that their vocabulary has on their lives."--Maura D. Lachance, PH.D, CCC-SLP
