There are very few people I know that I can truly call linguists. Ivan is one of them. This collection of poetry encompasses nine languages and is fine poetry in each one. If you can only read one, two or three languages, you can still get enjoyment from this book. I find that more than enjoyment I get inspiration to learn more about other languages and the nuances of poetry in each. You are invited to participate in the international book of poetry: Poli-Verso-Logue.
