**Come not to the table without having read this book!**

*You Are Invited*

*What:* To share a meal

*Where:* The Abbotts' house

*When:* As soon as you open this book

But watch out – the Abbotts and their dogs have absolutely atrocious table manners. They speak with their mouths full, complain about the food *they* are serving, and argue in front of the company. The Abbotts also violate some more obscure table-manner taboos, such as smelling their meat and staring what's on the plate of a dinner companion.

With rules lifted in the vernacular from an early-nineteenthcentury primer (the full text of the rules is appended), and uproarious pictures that do most of the storytelling, this is a lively and wonderful celebration of good manners.
